

"Our Success is in Securing Yours"

Letter of Attestation for HIPAA Compliance

HIPAA Entity Type: Business Associate

Date: 12/09/2020

For Authorized Use Only

Company Sensitive and Proprietary

PRIVILEGED AND CONFIDENTIAL

This report is intended solely for the information and internal use of Neyenesch Printers, and is not intended to be and should not be used by any other person or entity. No other person or entity is entitled to rely, in any manner, or for any purpose, on this report.

To Whom It May Concern:

In accordance with the Statement of Work, titled HIPAA Advisory, Assessment Services and Security Testing, and per the Letter of Agreement, dated June 26, 2020 ("LOA"), between RSI Systems, Inc. (dba RSI Security), its subsidiaries and affiliates (collectively, "RSI Security") and Neyenesch Printers ("Client"), RSI Security performed:

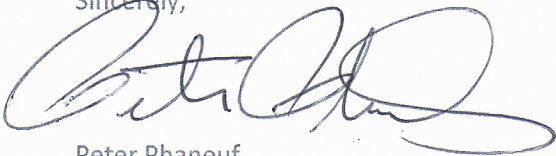

- ❖ Assessment of Neyenesch Printers' current security controls against 18 standards of the HIPAA Security Rule as applicable to a business associate;
- ❖ Review of Neyenesch Printers corporate and platform service networks; and
- ❖ Review of electronic protected health information (ePHI) data breach notification procedures.

The assessment and reviews were performed from July 2020 to December 2020. RSI Security:

- ❖ Received and reviewed documentation that described Neyenesch Printers' information security policies and procedures;
- ❖ Received and reviewed the security measures that are deployed as per the policies and procedures, in order to protect ePHI from unauthorized access or disclosures, as well as complying with the HIPAA Security Rule;
- ❖ Received and reviewed ePHI risk assessment reports; and
- ❖ Interviewed the personnel responsible for the information security and information technology management.

Based upon the representation from management as to the accuracy and completeness of information provided, the assessment procedures performed by RSI Security to validate such information, this letter provides reasonable assurance that Neyenesch Printers has designed and implemented administrative, physical, and technical safeguards in order to comply with the HIPAA Security Rule.

Sincerely,

Peter Phaneuf
Sr. Security Assessor
RSI Systems, Inc.

HIPAA Assessment Summary

About Neyenesch Printers

Neyenesch Printers was founded in 1899 and today provides a range of printing services to its customers using state-of-the-art equipment, including prepress, printing, finishing, binding and fulfillment. Because some of Neyenesch Printers' clients are HIPAA covered entities and had a need for printing jobs that contained medical record numbers, it was determined that Neyenesch Printers needed to comply with the HIPAA requirements applicable to HIPAA business associates.

About the HIPAA Security Rule

The Security Rule applies to health plans, healthcare clearinghouses, and to any healthcare provider who transmits health information in electronic form in connection with a transaction for which the Secretary of Health and Human Services has adopted standards under the Health Insurance Portability and Accountability Act (HIPAA) (the "covered entities") and to their business associates. The Health Information Technology for Economic and Clinical Health (HITECH) Act of 2009 expanded the responsibilities of business associates under the HIPAA Security Rule.

The Security Rule specifies a series of administrative, technical, and physical security procedures for the entities to use to ensure the confidentiality, integrity, and availability of ePHI. The Security Rule requires entities to maintain reasonable and appropriate administrative, technical, and physical safeguards for protecting ePHI. The entities must:

- ❖ Ensure the confidentiality, integrity, and availability of all ePHI they create, receive, maintain or transmit;
- ❖ Identify and protect against reasonably anticipated threats to the security or integrity of the information;
- ❖ Protect against reasonably anticipated, impermissible uses or disclosures; and
- ❖ Ensure compliance by their workforce.

HIPAA Assessment Scope

- ❖ Neyenesch Printers corporate and platform service networks

HIPAA Compliance Status

	<p>Compliant</p> <p>RSI Security performed an ePHI security risk analysis and Neyenesch Printers has deployed administrative, technical and physical safeguards in order to significantly reduce the data security risks to the ePHI received from the customers or customer associates.</p>
